Sounds good, I just sent him the list of topics, list of attendees, and a brief message hoping that he is unaffected by the recent flooding in [REDACTED]

Hi Chris,

The topics look good. I would also add perhaps, customer coverage, since we heard about transportation costs and [Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]] How far do they ship, are they a regional supplier, when did they start? I guess, maybe a company overview. Would you mind also sending him the list of participants?

Hi Ksenija,

Ex. 6 Personal Privacy (PP)

I emailed [Ex. 6 Personal Privacy (PP)] asking about any clothing requirements for the tour and he asked me if there are any specific subjects we'd like to cover. I was going to email him back this, let me know if you can think of anything else off the top of your head.

- Screening or inspecting of tires before they are sent to be processed to crumb rubber.
- Differences in tires types and processing methods
- Looking in-depth at the ambient process and see the types of system(s) your facility uses for shredding (granulator, cracker, abrasive disk, etc.)
- Quality assurance / quality control measures
- How the material is stored and prepared for shipping to customers

Best,

Chris
